CONVENTION CALL.

To the Republican Electors of Pennsylvania:

After consultation and correspondence with the members of the Republican State Committee, and by their direction, I hereby give notice that the Republican electors of Pennsylvania, by their duly chosen representatives, will meet in State Convention at Harrisburg, Wednesday, August 13, 1891, at 10 o'clock A. M., for the purpose of placing in nomination candidates for the offices of State Treasurer and Auditor General, for the nomination of delegates to the National Convention at large to the Constitutional Convention provided for in the Act of Assembly approved June 19, 1891, and for the transaction of such other business as may be presented.

Notice is especially directed to the fact that, in accordance with the provisions of the last mentioned act, each Senatorial district is entitled to a representation of three delegates in said Constitutional Convention, two of whom only can be members of the majority party in said district. The electors of each district are therefore requested to make proper nominations for delegates to said convention, the rules governing the nomination of candidates for State Senator to be applicable.

In this connection the Chairman desires to call the attention of Republican voters to the recommendation of the State Convention of 1882, that "they allow the greatest freedom in the general participation in the primaries consistent with the preservation of the party organization."

W. M. H. ANDREWS, Chairman.

The McKinley bill and short crops have brought Germany and France to their senses in regard to American breadstuffs and meat. They find that our pork is not trichinosis after all, and may be eaten with safety by both Frenchmen and Germans, and that our breadstuffs are equally healthful products.

If the Democratic press and leaders can be believed there are no new industries growing up in this country, no fields of enterprise being developed, no new factories being started, no growth of prosperity in any direction. It is the wish that is father to the false assertion. They do not want the country prosperous because they fear prosperity will defeat their designs on the national government.

They haven't got compulsory voting out in Illinois, but they have the next thing to it. A law recently enacted requires the election clerks in every precinct of Chicago to make a list of voters who failed to register. This list is to be used first in drawing jurors, and until it is exhausted the

list made from the poll books of those who register and vote is not to be touched. Under this law, says the Boston Globe, those who neglect to vote in order to shirk jury duty will be in far greater danger of being drawn as jurors than those who go to the polls. Let it be tried in this county.

They are trying to raise camphor in Florida. So far they have been successful. They have found that the trees will grow luxuriantly, and have hopes to be able to make a profitable business out of producing the gum inside of the next ten years. It will be a proud day for American industry when its defeated free-trade, English-tongued enemy will have to calm his painfully throbbing nerves with applications of American camphor. We now import about 3,000,000 pounds of camphor a year, worth about \$400,000.

The building of a remarkable railroad, running to the summit of Pike's Peak, will long be remembered as a wonderful piece of engineering. This point will now form one of the great centers of attraction for tourists, who will gladly take advantage of an opportunity of a journey to the clouds. The summit of Pike's Peak is one of the highest habitable points on the globe, being 14,147 feet above the level of the sea, while the starting point of the railroad is more than 112 feet higher than the summit of Mount Washington. Those who undertake this journey, however, should be cautioned to take with them a sufficient supply of heavy clothing, because within a few hours the tourist will find that he has passed through climates of spring, summer, autumn and winter. It is another triumph of American engineering, and will be the subject of much comment in all parts of the globe.

Hold It to the Light.

The man who tells you confidentially what will cure your cold is prescribing Kemp's Balsam this year. In the preparation of this remarkable medicine for coughs and colds no expense is spared to combine only the best and purest ingredients. Hold a bottle of Kemp's Balsam to the light and look through it; notice the bright, clear look; then compare with other remedies. Price 50c. and \$1.

MINE ACCIDENTS.

BROTHERS INJURED BY FALL—ONE LEFT HIS LEG BEHIND HIM.

ONE LEFT HIS LEG BEHIND HIM.

The Other Had His Spine Badly Injured—Both Men Were Removed to the Miners' Hospital—Their Condition.

Mike and George Vanjara, brothers engaged in a gangway of the Ellengowan colliery, met with a serious accident this morning by a fall of coal in the place where they were working.

George's leg was cut off and covered by so much coal that it was not recovered up to the time he was removed from the mine. Mike's spine was badly injured.

The men were sent to the Miners' Hospital in the Indian Ridge colliery ambulance.

The condition of the men is critical. The injury to Mike's spine may prove fatal.

These accidents make seven Polish cases in this district for this week.

The Lakeside Elsteddoff.

E. G.—The prize offered for the band contest at the Lakeside elsteddoff on August 15, next, is \$75 and a gold medal to the successful conductor, providing two or more bands compete. If only one band competes the prize will be \$50. Thus far the Grant Coraet Band, of Shenandoah, and the Centralia and Lansford bands have signified an intention to compete. Bands of Ashland and Hazleton will decide whether or not they will compete by the time the elsteddoff committee meets again, which will be on Tuesday evening, next. The committee will meet at 38 East Centre street, Shenandoah.

Leg Cut Off.

James J. Whelan, of town, met with a serious accident on the Philadelphia & Reading railroad, near the big house between St. Nicholas and Mahanoy City, last night. He jumped off a coal train on which he was brakeman to lock a switch and upon attempting to get on the train again he fell. The train was moving at the time and passed over his left leg, cutting it off just above the ankle. The injured man was removed to the Miners' Hospital.

Popular Excursion.

One of the most popular and cheapest summer excursions is the annual Heller excursion over the famous and picturesque Lehigh Valley railroad, to Niagara Falls, which takes place this year on Saturday, July 25th. The fare is only \$8.50. Tickets are limited to 10 days and good to return on any regular train. Stop off privileges are allowed at Buffalo and Elmira (returning) affording passengers an opportunity to take in Watkins. This is certainly one of the best offerings for a summer outing, as the fare is very reasonable, within the reach of all.

Abandon the Lamps.

There was considerable excitement on South Main street last night. A Polish grocer went into his cellar with a coal oil lamp in his hand and the lamp acted in a manner that indicated it would burst. Had it done so there would have been a big blaze, as the place was an excellent place for flames to eat their way. People should take lanterns into cellars, and not lamps.

Bright as a Pin.

The Kendrick House is now one of the most neat and pretty hotels in the county. William Kendrick, the proprietor, has just expended several hundred dollars in improvements and feels just proud of the result. The cafe has been much enlarged, thoroughly renovated. The bar has been altered and fitted up in metropolitan style and is surrounded by a handsome brass guard-rail made expressly for the place.

A New Business.

P. J. Cleary has opened a store in the Ferguson's building, on East Centre street, and is prepared to furnish the local trade with fine leather and shoe findings and all kinds of shoemaker's supplies. His stock is a large one and well equipped to fully supply all demands of the trade.

Business Change.

A. Womer has sold his fruit and green truck business to Edward Rosewald, Sr., and his son, William, of Wm. Penn. Mr. Womer will continue in the wholesale green truck business.

Rocky Mountain Cure.

The druggists claim that people call daily for the new cure for constipation and sick headache, discovered by Dr. Silas Lane while in the Rocky Mountains. It is said to be Oregon grape root, (a great remedy in the far West for those complaints) combined with simple herbs, and is made for use by pouring boiling water to draw out the strength. It sells at 50 cents a package and is called Lane's Family Medicine.

He Wasn't In It.

It happened that a Welshman of town was the guest of the Lehighland during their trip to Newark last week. He wore a member's badge, and as soon as they reached Newark a member of the Philadelphia Nemmerhor walked up to the Welshman and began to talk to him in German. The Welshman answered him in the language of Gwalia. The Teuton eyed him suspiciously for a while and then asked in English:

"What part of Germany do you come from, anyway? I know the dialect of every province, but I'll be hanged if I can catch onto yours."

"Don't come from Germany."

"You don't?"

"No, I was born in Wales."

"Well, I'll be —," said the Philadelphia. "Let's go and have one," and they went.

CRUSHER TESTED.

THE PLANT IS NOW IN WORKING ORDER.

BOROUGH OFFICIALS INSPECT IT

Supervisor Dave Llewellyn Shows How it Works While the Borough Fathers Look On—It Proved Satisfactory.

Following the instructions of the Borough Council at its last meeting to unload the stone crusher and engine and make them ready for an official test, Supervisor Llewellyn employed a gang of men and had the apparatus located on the mountain, near the trotting park and southeast of the Indian Ridge breaker.

The pieces of machinery were very heavy and it required no small amount of labor to put them in the required position, but the Supervisor succeeded in getting everything in readiness yesterday and notified the Borough Fathers that the apparatus was ready for the test.

At eleven o'clock this morning Councilmen Holman, Scheidt, Moskier, Phalen, and Portz, Supervisor Llewellyn and a number of citizens visited the place where the crusher is located and gave the apparatus a test. A keg of beer and cheese and summer sausage and sandwiches were spread about, as Fred. Portz unfurled a banner, of which the following is an illustration:

The Dandy Big 4.
F. J. P., P. D. H.,
J. K. P., S., D. L.

The engine was started and the visitors took turns in selecting rock and dropping it into the crusher for the test. Over an hour was spent in this way, during which the plant kept up a steady crash, crash, crashing rocks of all kinds. The test was declared satisfactory by all and there is no doubt about its acceptance.

William Hilton, of the Kohinor colliery, will have charge of the engine for a few days and then John Warnick will take hold.

Councilman Phil. Holman put in a stone with the test. "Here's that we will soon have the best roads in Schuylkill county," Ben. Severn's toast was: "May our streets soon be as good as the crusher is."

THE STOLEN TOOLS.

Mr. Kincaid Makes a Statement Concerning Them.

Alexander Kincaid, of South Jardin street, who is employed as a carpenter at the Plank Ridge colliery, made a statement to the Herald reporter last night concerning the tools stolen from that colliery. Mr. Kincaid says that the hatchet found in Paul Summa's house on Wednesday morning, after the safe was blown open, was stolen from Emanuel Schaub, a carpenter of the Plank Ridge colliery. The hatchet was stolen between Saturday night and Monday morning and at the same time a 3-inch and a 14-inch chisel were taken. On Tuesday night preceding the burglary at Summa's, which is said to have taken place at about 8 o'clock Wednesday morning, a brace, a 1-inch chisel, a screw driver and an oil can belonging to Mr. Kincaid were stolen.

Mr. Kincaid also says that on the night the Shenandoah Feed & Lumber Company's safe was blown open a brace, 3-inch chisel, 2-inch chisel, 14-inch chisel and a 10-inch mill saw file were stolen from his collection of tools at the Plank Ridge colliery.

Mr. Walsh Named.

EDITOR HERALD:—I observe that the papers of the county are devoting considerable space to the announcements of candidates, the Democratic aspirants for Sheriff receiving special prominence. The Republicans are mum on the subject of Sheriff. Why they should be so I am at a loss to explain. There are many good men to be named and I will start the ball rolling by naming E. F. Walsh, of Brownsville, who is a consistent Republican and a man who is wholly capable of the office of Sheriff.

Miss Louise R. Leasing left town this morning for the Catskill Valley, where she will spend her vacation.

Jim Daniels and his family returned home last night from the Eastern States, where they spent the past two weeks visiting friends.

Marin Delaney, who was formerly engaged in the furniture and undertaking business in town, has sold out his Minersville business and will move to Hanstead, near Pittsburg.

Donations to Veterans.

A few days ago the Herald reported the presentation of a purse to John M. Price, an old soldier of Brownsville, and the subscriptions to the purse were inaccurately credited to the G. A. R. Post. The subscriptions were made by members of the Post and several prominent gentlemen of town who are not members of it. Samuel Cannon, another old soldier, was also presented with a substantial purse some time ago. Messrs. John Watson, Henry Kinnear, Charles Gibson and William T. Richards had charge of the donations. They being members of the Post, the organization was credited with the subscriptions, while, properly, general subscribers should have been credited.

A Good Suggestion.

For several years past there have been discussions in and out of the School Board meetings regarding the propriety of putting at 10 o'clock in the tower of the White street school building. It has been conceded generally that it would be a good idea, but the question of expense has always prevented it being carried out. A gentleman of town now suggests that the opportunity has arisen. On the 20th inst. the clock of the old Pottsville court house will be sold at public sale. Would it not be a good idea for the School Board to bid it in?

A Fatal Scratch.

Patrick Koole, of Guberton, received a telegram yesterday that his daughter, aged 7 years, had died in a Philadelphia hospital. The girl, it will be remembered, had one of her eyes scratched badly while playing with a cat. The eye became very sore and painful and the little one was sent to Will's Eye Hospital for treatment. It was found upon examination that a tumor had set in on the inside of the eye. The head physicians of the hospital performed an operation Thursday, but the child's life could not be saved.

Oh, What a Cough.

Will you heed the warning? The signal perils of the sure approach of that more terrible disease, Consumption. Ask yourselves if you can afford for the sake of saving 50 cents to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a million bottles were sold the past year. It relieves Croup and Whooping Cough at once. Mothers do not be without it.
